Join us for our quarterly Lunch & Learn Series, featuring Bailey Heuser, LPC, as she presents on aspects of Sexual Addiction Treatment.

Uncovering and understanding sexual addiction can be a challenge for clinicians in every setting of therapy. This presentation will offer education about sexual addiction and way to identify sexual addiction in clients. The presenter will review common misconceptions about sexual addiction while also identifying symptomology. Assessment guides and interventions techniques will be given as well as insight into when and how to refer to a specialist.

Learning Objectives:

- Participant will gain insight into symptomology and identification of sexual addiction
- Participant will gain insight into common misconceptions surrounding sexual addiction
- Participant will gain insight into assessment, intervention, and referral resources for clients with sexual addiction
